EXAMINER'S AMENDMENT

The amendment filed April 11, 2005 has been entered and made of record.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Please cancel claims 9-12, 21-24 and 26.

An election was made without traverse to prosecute Species I, claims 1-8, 13-20 and 25. Claims 9-12, 21-24 and 26 were withdrawn from consideration as being drawn to non-elected Species II.

Allowable Subject Matter

Claims 1-8, 13-20 and 25 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 1, 13 and 25 recite applying a discrimination function to portions of the first subset to classify a regularity of said portion, said discrimination function for a plurality of portions being represented as a vector; reversibly modifying said first subset based on said message and said discrimination function; losslessly compressing said modified first subset and said vector to form a second subset.

The above features, as explicitly recited, and in combination with the other elements of the claims are neither disclosed nor suggested by the prior art of record.

Art Unit: 2623

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
